

NEWS RELEASE

# Old National Again Named Among the 50 Most Community-Minded U.S. Companies by Points of Light

2025-06-04

EVANSVILLE, Ind., June 04, 2025 (GLOBE NEWSWIRE) -- (NASDAQ: ONB) – For the second consecutive year, Old National Bancorp (“Old National”) has been named by Points of Light as one of “The Civic 50” honorees for 2025. This annual designation is reserved for the 50 most community-minded companies in the nation.

A global nonprofit that inspires, equips and mobilizes people to take action that changes the world, Points of Light has recognized the 50 most community-minded companies in the nation every year since 2012. The Civic 50 award is based on employee volunteering, community investment, corporate citizenship and social impact programs.

“Our team members love rolling up their sleeves and making a difference in their communities, as evidenced by the more than 67,000 collective volunteer hours they logged in 2024,” said Jim Ryan, Old National Chairman and CEO. “Old National is honored to again be recognized by Points of Light as an organization that truly puts our values into action.”

Combined, The Civic 50 companies for 2025 have engaged more than 460,000 employees to volunteer more than 6.5 million hours in their communities. That's double the average for U.S. companies not in The Civic 50.

“In an ever-evolving landscape, companies are looking to ensure that they can meet the needs of their communities, customers, and stakeholders,” said Jennifer Sirangelo, President and CEO, Points of Light. “Companies like Old National are leading the way in showing how social impact benefits their employee's well-being, strengthens the communities where they do business, and brings value and meaning to their work. Their efforts provide a model for others looking to bring the benefits of volunteering and social impact to their workforce, and

they're extremely deserving of this recognition."

The Civic 50 honorees are companies with annual U.S. revenues of at least \$1 billion. They are selected based on four dimensions of their corporate citizenship and social impact programs:

- Investment of resources and volunteerism
- Integration across business functions
- Institutionalization through policies and systems
- Impact measurement
